TULARE CITRUS FAIR IS PLANNED FOR EARLY IN DECEMBER

Supervisors Will Be Asked to Give County Support.

Committee Consists of Representatives of Different Citrus Centers.

VISALIA, Sept. 29.—The county citrus fair committee, at a meeting in this city today fixed the dates for the fair, which is to be held in the pavilion in the city grounds, starting, according to the committee, Saturday, October 15, and continuing for ten days.

It was decided to appear before the supervisors at the session next week to make formal application for the \$200 appropriation, which has been made annually by the board of supervisors for the purpose of assisting in the fair.

Since arrangement of the program has been discussed and the matter of awarding the prizes for exhibits on points, talked.

Shortly before noon the committee adjourned to wait for the business meeting of the board of supervisors, which will be held at the county building, which will be held at the county building, which will be held at the county building.

The arrangement for the fair is to be held in the pavilion in the city grounds, which will be held at the county building, which will be held at the county building.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Oronogo, Mo.—"I was simply a nervous wreck. I could not walk across the floor without my heart fluttering and I could not even receive a letter. Every month I had such a bearing-down sensation, as if the lower parts would fall out. Lydia E. Pinkham's Vegetable Compound has done my nerves a great deal of good and has also relieved the bearing down. I recommended it to some friends and two of them have been greatly benefited by it."—Mrs. MAY McKNIGHT, Oronogo, Mo.

Another Grateful Woman. St. Louis, Mo.—"I was bothered terribly with a female weakness and had backache, bearing down pains and pains in lower parts. I began taking Lydia E. Pinkham's Vegetable Compound regularly and used the Sarsaparilla and now I have no more troubles that way."—Mrs. AL. HENSON, 6722 Pershing Ave., St. Louis, Mo.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, irregularities, displacements, fibroid tumors, irregularities, periodic pains, backache, flag bearing down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the results are worth millions.

HANFORD-SUMMIT LAKE PREPARING TO BOND

All of Its Property and Rights of Way Put Up as Security.

HANFORD, Sept. 29.—Today a bulky instrument was placed on file in the office of the recorder of Kings county, wherein the Hanford and Summit lake, railway placed in trust in the old bank, all of its real property, terminals, right of way and all other property for the purpose of securing a bond issue of \$400,000. The instrument bears the names of Charles King, president; George Aydelotte, secretary; and Daniel Fann, president of the Old Bank.

At last night's meeting of the company, it was decided that the bonds should be sold at a public sale, for a two weeks' service. It was thought by Captain Heath that the company will leave with about ten "four" besides the others.

Through the efforts of Superintendent Charles Smith, a full police of this city, was restored to its owner last evening. However, reported that the truck had been stolen from a rack on Sixth street. Smith found the animal on the county road, going to the fair grounds.

The Hanford Young People of this city will entertain all of the H. Y. P. S. of the San Joaquin Valley at all to be held Saturday, October 1st, in the First Baptist church of this city.

During the day the visitors will be regaled with a dinner at the home of Mr. and Mrs. H. E. Beckman.

The annual survey has opened for this season's run, and is offering \$10 per ton for wine grapes. Clarence Cow has charge of the plant, which has been entirely overhauled.

The bridge is at the eastern end of the aqueduct, and had it been to the contractors, would have been the last to be built.

Work on the bridge, which will be of heavy steel and reinforced concrete, may be commenced in two weeks.

How badly the electric car near Exeter last night is hurt, may not be determined for a day or two. It sustained a splintering of the front end of the head and was cut and crushed in many places. He may have sustained a fracture of the skull and internal injuries.

The chairman had called the car to get out of the road and was struck as it was slowing down, and buried some distance.

Work has been commenced on the extension of the Ventura Electric railroad from near Woodlawn to Woodlawn, a distance of three miles. The grading contract has been let to Buckman & Sons of Exeter.

Something over \$500 was cleared for the sanitarium fund of the order by the Modern Woodmen at last night's entertainment.

Mrs. Englund, who has been ill in Pershing, was brought in last night and will remain here until convalescent. She will then be removed to her home in Coalinga, where her husband is engaged in business.

The Seventh Day Adventists have opened a revival session in the eastern portion of town, with numerous tents and a large pavilion seating about 1000 persons.

SELMA GAS WORKS FIRE IGNITES OIL TANK OF 7000 GALLONS

Firemen Work to Keep Big Adjoining Tank From Exploding.

Shell of Building Guttled, But Machinery Not Seriously Injured.

SELMA, Sept. 29.—A fire which started in the Selma gas works this afternoon threatened to destroy the structure of the plant and cause a large tank of crude oil just outside the building. The fire, which started at 3:30 p. m., has not been extinguished, but it is being kept under control by the firemen.

The fire started in a small tank in the room where oil drippings accumulate. The firemen quickly reached the oil tank just outside the building, and although the fire fighters turned in steam under 110 pounds pressure, they were unable to do anything with it, except to keep it under control.

MAIN ST. EXTENSION COST IS TOO GREAT

Porterville Property Owners Want Big Price for Land.

PORTERVILLE, Sept. 29.—Investigation which has been made by the city council have convinced the members that the proposed extension of Main street to the south limits of the city is impracticable at the present time.

Owners of property south of Vine street refuse to give the right of way for an extension of the street unless the city reimburse them to the extent, which is not allowed by the present status of the city finances. While the city offers to approve an extension of the right of way for one block further south, it will give no financial assistance.

At a meeting of the Baptist congregation, a board of directors was chosen as follows: J. J. Owen, George Slaughter, W. L. Hopper, Joseph Carter, Sr., and Walter Anderson. J. J. Owen was chosen as chairman and George Slaughter as secretary. The board will meet on Sunday school superintendent.

Rev. Madison Slaughter, who has been the pastor of the church for the past five years, tendered his resignation to take effect the first of October, 1911. In the resignation it was stated that Mr. and Mrs. Slaughter plan a tour of Europe next year beginning in February and continuing for a period of four months. As this will be a time of year difficult to secure a supply for the pulpit, the resignation is accepted.

Members of the Porterville Fish and Game Protective Association have been from property owners on Tulare lake, an island about five miles from the lake shore, which island is two sections in extent and which will be used as a second game preserve by the members of the club, a lease already having been secured of two miles of the lake front proper. A caretaker has been placed upon the preserve, which is to be used strictly by the members of the club.

Leonard Black, road superintendent of the Auto Club of Southern California, is here today and is selecting locations for a large number of road signs which are to be placed on the main line from Los Angeles through to the line from Los Angeles to the state capital.

The signs will be for the guidance of the motorists generally, as well as of the club members.

"Citrus Boulevard" is the name selected for the road some seven miles in length which will run through the orange groves of this and the Fresno district.

Representatives of the Merchants' Association of San Francisco, who are to tour through this valley early in October, were here today arranging for their reception in this city.

The delegates have made a plan that they will be met by the members of the association as they come to the city.

In a very mysterious manner, there occurred last Tuesday night the death of a four-year-old child of Mr. and Mrs. W. H. Davis, who live on Sunnyside avenue. Mrs. Davis had put the child to sleep at the usual hour in the evening, the boy lay in his bed, and in the morning, when he was found dead.

She arose about midnight and found the child sleeping peacefully to all appearances. When the family arose at the usual hour the following morning, the infant was found dead.

Dr. Henry Evans and his daughter, Mrs. L. E. Moore, of Selma, Mo., are visiting here at the home of L. J. Hunsberger and N. C. Gillingham.

CALIMYRNA FIGS SHIPPED IN GOOD CONDITION TO CHICAGO

Owner Receives Remarkable Return of 21 Cents Per Pound.

Supt. Ricksford of Experiment Station Investigates Method.

DINUBA, Sept. 29.—Superintendent Ricksford of the China Agricultural Experiment Station, recently came to Dinuba to investigate the matter of the shipping of Calimyrna figs from here to the Chicago market. Recently W. D. Smith of this place sent a lot of figs in a car of grapes and these were sold in the Chicago market for more than 22 cents per pound, netting Mr. Smith 21 cents per pound. That Calimyrna figs could be made to reach the Eastern markets in good condition was formerly thought to be out of the question, and that Mr. Smith succeeded in shipping figs by freight attracted the attention of Mr. Ricksford, the fig expert of the agricultural station. The latter has sent a large number of fig cuttings here to Smith and adds that there is a great future for the fig industry of the state.

The dairymen west of Dinuba, who have been pooling their cream and sending it to Hanford and later to Selma, have dissolved their combination and are urging that the people here start a creamery, and as this is the nearest point to them they want to deliver in this city. There are no less than a dozen dairymen in the section near Dinuba, who produce each month an amount from \$500 to \$800 and it is possible to get enough cream on the start to make from 1,000 pounds to a ton of butter daily. The dairymen have several times made requests that they be accommodated here and it is probable that such action will be taken. Particularly good is the cream output of the new Menonite colony was established on the Clark & Kennedy ranch, and this colony is increasing every week.

H. J. Kennedy, for some time manager of the Orosi Recheale store, has tendered his resignation and a new manager is being looked for by the directors.

There will be a social and entertainment at the Wilson school house near here next Saturday night, for the purpose of raising money for the improvement of the building and grounds. The matter is in the hands of the school board and will be decided.

On account of the Dinuba Day at the Fresno agricultural fair next Tuesday, all the banks and stores here will close at 10 o'clock that day, and a special train leaving here at 10 o'clock will take a fine crowd of visitors to the Dinuba fair.

Dinuba is enthusiastic over the part she is to take in the fair, and H. J. Barrett, who has charge of the fair exhibit from here, is leaving nothing undone to make a creditable display.

Next Sunday will be the closing day of the four-year pastorate of Rev. W. J. Fenton of the M. E. church, South of this city, and considerable interest centers in the services with the members of the congregation. The pastor will make his farewell address Sunday evening. Tomorrow

NEWS OF OIL

PYRAMID SANTA PAULA WELL FLOWING STRONG

Message Says Oil Is Going
Over Derrick House in
New Hole.

SAN FRANCISCO, Sept. 29.—Telephonic communications from G. S. Johnson, president of the Pyramid Oil Company, are to be effect that well No. 2 on the Pyramid's Santa Paula property from a depth of 1100 feet, is producing 100 barrels daily on the intervals of every half hour for the past two days. This showing is considered as being phenomenal for the Santa Paula district, as bushers or even flowing wells are practically unknown in that territory. The Pyramid company claims the best showing in this well that has ever been encountered in any well drilled in the Santa Paula canyon.

Well No. 2 on the Pyramid Prospecting property in Kern River is being cemented off at a depth of 450 feet. Well No. 1 is to be drilled through the cement in three or four days.

WHITE STAR GETTING MUCH LIGHT OIL NOW

Delivering 400 Barrels Daily
and Holding for \$1.25
Price.

BAKERSFIELD, Sept. 29.—Four hundred barrels of 34 B. oil are being delivered daily by the White Star in the Little Seepie, for which the company is receiving \$1.25 a barrel. Well No. 6, recently brought in at 1850 feet, is producing 100 barrels daily on the pump. Well No. 5 is producing 250 barrels daily.

NEW PIPE LINE FOR CONSOLIDATED WELL

BAKERSFIELD, Sept. 29.—The standard well in a day or two will be a 4-inch pipe line from the Consolidated Midway gusher on fractional section 30, the 4-inch line being too small to handle the flow. An offer is said to have been made to the Consolidated to buy a million barrels at 30 cents over and above the standard contract, to be delivered at a rate of 10,000 barrels daily. Officers of the company do not confirm the report.

IMPERIAL YET OWNS PROPERTY IN FIELDS

Although the Imperial and Thirty-three oil properties, in the Kern River oil fields, were sold several months ago to an English syndicate at a big figure, the Imperial Oil Company still has some large holdings in the northern fields of the latest man of the fields as any criterion. According to this barometer, the Imperial owns the whole of section 1-23-28, but it cannot be said that the land has any proven value as oil territory.

BAIRD WILL DRILL OUT CEMENT SUNDAY

The Baird Oil Company, operating in the Kettleman Hills, is about ready to drill through the cement and go after the formation underneath. The plug will probably be drilled out Sunday. This is the second cement job done on the well, the first having failed to hold off the water.

LACEY HAS SHOWING OF VERY LIGHT OIL

The Lacey Oil Company, operating in the Devil's Den country, is reported to have a small showing of very light oil, the test showing about 33 gravity. The Pluto Oil Company resumed work about ten days ago, and the Devil's Den Oil Company has bonded its holdings to Mr. Yaraw, formerly of the Standard Oil Company.

EASTERN MEN BUY INTO SAN EMIDIO

BAKERSFIELD, Sept. 29.—A report from Los Angeles says that 400 acres of the Midway Union's 500 acres in San Emidio have been sold to E. P. Cable and Pittsburg associates for \$13,000.

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of the proper food together with natural action of the organs of assimilation. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh-forming food and health restorer. Samose does not contain a particle of starch or gelatin, nor is it any man-made preparation, such as is usually recommended to make people fat, and which does not build up good healthy tissues. Samose has valuable flesh-forming properties, tones up and strengthens the whole system, helps the food that is eaten to be assimilated in a natural manner, and absolutely restores health to all the organs.

If you are not perfectly satisfied with the results from Samose, the Patterson Block Pharmacy will return your money without any quibbling.

Our Specialty

We make a specialty of two rings—the Diamond Solitaire Engagement Ring and the Plain Gold Wedding Ring. The former binds the bargain and the latter ties the knot. If you have the girl, we have the ring.

COS. C AND K TO START FOR ATASCADERO TOMORROW

All Preparations for Camp
of Instruction Well Under
Way.

Company C Receives Number of New Supplies and Equipment.

The preparations of the local companies of the National Guard for the encampment at Atascadero are practically completed, and both companies are anticipating a large representation at the maneuvers.

A number of the men who have been looking forward to the trip will be able to go on account of the impossibility of leaving their employment at this busy season without forfeiting their places.

Company C, during the last two weeks, has received from the Quartermaster's and Ordnance Departments at Sacramento a number of new supplies, including new pattern service hats, olive drab caps, O. D. blankets, leggings, meat cans, knives and forks, and the new khaki conical tents which accommodate eight men and are fitted with the Sibley stove.

The new squad boxes are an innovation. The companies are furnished with one for each four men, and instead of packing towels, underwear and toilet requisites in the blanket rolls as previously, they will be shipped to camp, and taken directly to the men's tents, thus lightening the marching equipment and making the necessities of camp life much easier of access.

J. M. Sapp, a member of Company C, who has been summering at Coronado and Catalina, arrived in town yesterday for the purpose of attending the encampment. Other members who have arrived or are expected to arrive from out of town points today are W. J. Bryan, the company's genial cook, who has been running an engine for the Fresno Flume and Lumber Company at Shaver; Sergeant George DeWolf, who is the engineer for the Extension Oil Company of Bakersfield; Corporal J. J. O'Leary, deputy marshal of Coalinga; and Sergeant W. E. Chamberlain, who has been employed at Washtoe.

TARPEY TO INTRODUCE THEO. A. BELL IN PARK

"Warhorse" of Democrats
Back in Fold; Murray
Pays Visit Here.

M. F. Tarpey, who figured in the last general election campaign as a Tarf supporter, will introduce Theodore A. Bell, Democratic candidate for governor, when the latter speaks in the court house park here next Tuesday morning.

This was announced yesterday, at the close of arrangements for the flying trip that the Democrats' standard bearer will make here. The announcement was met with considerable interest among the politicians.

Bell will arrive shortly after 10 o'clock on Tuesday morning from Bakersfield, and will speak in the park at 10:30.

MRS. TAYLOR TO BE INTERRED TOMORROW

The funeral of the late Mrs. Arabella Taylor, wife of Leroy Taylor, will be held tomorrow morning at 11 o'clock from the First Baptist church of this city. Rev. J. W. Conley will officiate at the services. Interment will take place at Mountain View cemetery.

Mrs. Taylor passed away at the country residence of the Taylors near Clovis after a lengthy illness. She was 60 years of age and a native of Ohio. She was an early settler in Fresno county, having come here from Ohio eighteen years ago.

A husband and six children survive. These are L. Taylor, Walter Taylor, John Taylor, Mrs. Mary Farrer, Mrs. Anna Miller and Leroy Taylor. Eighteen grandchildren and one great-grandchild also survive. Mrs. Charles Torrance of this city is a sister-in-law of the late Mrs. Taylor.

KING AND BELLOWS FORFEIT BAIL COIN

Frank King and Jack Bellows, who were accused by Constable Walter McSwain and one of his deputies with attempted bribery following their failure to secure a conviction on a previous charge, yesterday forfeited their cash bail of \$1000. The preliminary hearing of King and Bellows was to have been held yesterday in Judge Smith's court. When the appointed hour arrived, neither of the men put in an appearance and the court promptly declared the bail money forfeited to the county treasury.

Attorney Foote, who represented the defendants, was in court and stated that he did not know the whereabouts of the men. A bench warrant was issued by Judge Smith and the officers are now searching for King and Bellows.

ADMIRAL ROELKER DIES

WASHINGTON, Sept. 29.—Rear Admiral Charles R. Roelker, retired, died in this city yesterday. He was born in Germany in 1841, saw service in the Civil War as an engineer, and during the Spanish-American War was a member of the inspection board. His last active duty was with the Fish Commission in 1907.

STATE UNIVERSITY EXHIBIT TO BE DISPLAYED AT FRESNO FAIR

Automobile Show Will Utilize 7800 Square Feet of Space
Under Big Tent; Dirigible Balloon to Be an
Added Attraction.

Mayor Rowell yesterday received a telegram from Prof. E. J. Wickson of the State University, saying that the university exhibit was now on its way to the Fresno fair, in charge of Professor Major. This is the exhibit that attracted so much favorable comment at the state fair. Mayor Rowell was so much impressed with it that he has personally made appeals to Professor Wickson for the entire exhibit to be sent to Fresno, and now that the exhibit is actually on its way to Fresno, the members of the board of directors are highly elated.

The automobile exhibit at the fair is growing bigger and bigger with each succeeding day. Instead of 5,000 square feet of space, as originally planned, the automobiles and automobile supplies that will be on exhibition will now require 7,800 square feet. This will be one of the really big shows at the fair, as each agency in Fresno will be represented and each will have a demonstrator in hand to tell the visitors all about their respective machines.

Another big free attraction was added to the list yesterday. Professor Hill, the celebrated dirigible balloon man, has been engaged to give at least three performances with his monster dirigible balloon, which is six times larger than the next largest in the world. He will attain a height of not less than 500 feet and remain in the clouds for anywhere from a half hour to two hours. In addition to this great feature, which of itself should attract as many people as visited Fresno during "aviation week," Charles H. Hume, who is in charge of the attractions department, shows that he will have all the best shows that were at the state fair, and several others besides. Many of these are now on the fair grounds getting everything in shape for the opening date.

All arrangements have been completed for Governor's Union Labor Day Tuesday, October 4th, which is also Dinuba-Madera Day. The labor unions are very enthusiastic, each union fully

MINISTERS SHOULD TAKE PART IN POLITICS, SAYS BARTLETT

Improved Labor Conditions
Are as Important as
Church Growth.

Los Angeles Social Worker
Addresses Methodists at
Conference.

"The ministers of today should take an interest and an active part in the political and social activities of the cities and towns where they work," asserted Rev. Dana W. Bartlett yesterday afternoon before the Southern California conference of Methodists in the First Methodist church. Rev. Bartlett is at the head of the Bethlehem mission in Los Angeles, which is prominent in the measures to benefit the immigrant class. In connection with a missionary hotel for the benefit of the Russian and other ignorant foreigners, Rev. Bartlett has organized educational classes to enable the immigrants to cope with conditions in a strange land.

"The time has gone," continued Rev. Bartlett, who is impressive in his earnestness although quiet in his general

demeanor, "the time has gone when ministers should come to the conferences and report that so many persons have joined their churches during the year, or that so much money has been raised during the year for church work."

"In reporting their work ministers should tell of cities that have gone dry, or improved conditions among the working classes, and of brothels closed to stay closed."

"There is a spirit now arising which will create a new America. The present political upheaval among other things means that cities will later come which will be without slums. It means that the public will not tolerate many of the things which are tolerated today."

"If the church is to play its rightful part in this spirit of the new America, the ministers must take interest and activity in matters outside of their immediate church interests."

Rev. Bartlett is the author of "The Better City," a book which has considerable circulation in Southern California, in which he advocates the dissemination of the slum classes through the suburbs in order to avoid the congested conditions of today. The movement at the head of which he is, has its aim having Los Angeles a city without slums in 1920.

NOTICE TO DANES.

Old Thor No. 5 of Dana have engaged Huns Chr. Vedsted to hold a lecture in Odd Fellows hall Saturday, October 1st, 1910. Everybody invited. Entrance free. No dance on account of the death of one of our members.

LEAGUE TOWN IS PLausible

Madera All Stars Coming in Effort to Wipe the Earth With Tigers.

After many months of "nothing doing," the baseball world will add Fresno to its calling list tomorrow afternoon, when the winter season is expected to open at Recreation Park. At a season, the old familiar cry of "Play ball" will be heard at the Ventura avenue lot when the rejuvenated Tigers and Madera try conclusions. The game will be the first of many good ones to come as the fans have been promised a season of Class A ball.

Charles Burleigh, the popular local umpire, will in all probability handle the indicator, although for the opening game two of the players may alternate on bases and behind the pitcher's box. The Recreation Park grounds have been paved in first-class condition with "Dad" Smith of Visalia in charge. When Dad Smith is in charge, the fans may expect the diamond to be as fast as a bullet. The players declare that Smith is the premier groundkeeper of the Pacific slope.

Dick Roberts, leader of the Madera All-Stars, writes that he will bring a fast team to Fresno for tomorrow's battle. Meikle, formerly of the San Francisco Seals and later of Bakersfield, will probably pitch the opener against Oscar Jones. On Sunday morning, Brant and Al Arthur Smith will clash, while Meikle and Schimpff will bring the series to a close in the afternoon. The pre-lunch game is scheduled for 10:30. Notwithstanding the formidable line-up of the Tigers, Dick Roberts is confident that his All-Stars can grab two out of three.

Frank Dickinson, manager of the Tigers, believes that his aggregation can make a three straight. Among the possibilities for the Tigers is Walter Cartwright, who is now en route to Fresno from Spokane, where he held down second base for the Champions. Tom Hackett will be on the receiving end tomorrow, with Jones in the box. Sunday, Hackett and Jones will go to the series with Hanford.

Walt Kuhn will do the backstopping in the absence of Hackett. Schimpff and Smith will do the hurrying in the double-header. Manager Dickinson stated last night that Cartwright and Householder may not arrive in time for the series with the close of the opening game.

Funk, 3b; Kelly, 2b; Tracy, 1b; Kuhn, 1c; Dickinson, cf; Hackett, c; Schimpff, ss; Smith, rf; Jones, p. Yesterday Manager Dickinson completed negotiations with the Red Sox to bring his Old Drillers to Fresno for five games, opening Thursday afternoon of next week. Two contests will be pulled off on Sunday. Devereaux will use the following Valley Leaguers:

Pitchers: Griffin and Dye; catcher, Hoff; infielders, Larned, Devereaux, Coltrin and Dye; outfielders, Gurritty, Dye and MacMurdo.

Hen Berry, president of the Los Angeles Coast League club, will be unable to give the Tigers a post-season series, as he has promised Happy Hogan a chance to win the championship of Southern California. However, Manager Dickinson has booked games with Oakland and San Francisco at the close of the playing period and the local fans may look forward to a prosperous winter season.

ENTERTAINMENT BALL PLAYERS.
THEO. Sept. 20—American Ambassador O'Brien today gave a reception to the University of Chicago baseball players, who, in charge of Prof. Gilbert A. Bliss, are touring Japan. The guests included of Vasoda and Kato, with whom games are arranged. Count Okuma, president of Vasoda, and other prominent Japanese and distinguished foreigners.

MOBILE, Ala., Sept. 20.—The national convention of insurance commissioners today elected the following officers for the ensuing year:
 Joseph A. Button, Richmond, Va., president; Theodore MacDonald, Hartford, Conn., vice president; H. R. Cunningham, Helena, Mont., secretary and treasurer.

Milwaukee was chosen as the next place of meeting.

Judge Nagle Is Beaten By Villagers in Fast Exhibition.

LOS ANGELES, April 29.—Vernon made it two straight from the Angels today, getting the best of a 2 to 1 favorite in a fast game, the Angels losing yesterday, through inability to connect safely with a man on third. In the eighth inning, after Day and Nast had singled and reached third and second by fast work on the bases, the three men made the key hit to start the game for the Villagers but gave five bases on balls in four innings and were defeated in favor of Shaver, who he started the fifth frame by walking the first man up. The score:

MODESTO ORGANIZES BELL-SPELLACY CLUB.
 Fifty Democrats Join; To Receive Leader on October 6th.

IN THE LODGE ROOM.
 Central California Lodge No. 342, of the I. O. O. F., held a pleasant meeting last night, the third degree of seven candidates. G. W. Fike, C. D. Wallace, G. H. Hall, T. C. Vickers, Tom Beatty, W. H. Laughlin and Emil Host.

Two candidates were elected and two applications were received one of the latter being by initiation and one by transfer. C. F. Collins, a member of Center Lodge No. 161, of Center, Colorado, was a visitor last night.

There was some discussion of the proposed meeting this term of District 16, brought up by District Superintendent T. J. Berry. It was finally voted to hold it at the last meeting night in November. A committee consisting of W. H. Harris, E. P. Smith and W. Ryan was appointed to confer with Fresno Lodge No. 180.

The secretary reported that everything is ready for the roll call on October 27th when it is expected that there will be enough members to equal the number of the lodge, 347. Fifteen or twenty members are needed for this. Animated discussions were held over the ritual and rules of order, but all was good natured.

Purple and Gold Eleven Is in Need of Practice Games Right Now.

In preparation for the opening of the football season, Alameda, Del. Forest of the Purple and Gold eleven is making strenuous efforts to find a series of games with neighboring schools. The team, still clinging to the great and only American style of football, is anxious to get into the field as soon as possible.

Yesterday Manager Fazzett issued a challenge to any school in the San Joaquin valley and around the bay to date its games with the Purple and Gold eleven for the coming season.

The only definite dates filed are Thanksgiving and Christmas, when Alameda and Stockton respectively come here, while on either October 22 or 23 the Fresno High team is expected to meet them. Nothing definite has been heard as yet from Visalia or Tulare regarding games at the old style of football. Hanford has withdrawn her promise to clash with Fresno at the American game and it is understood that all of the schools in the Southern San Joaquin valley have decided to play Rugby.

Captain Chris Monson stated yesterday that he was anxious to land a game with either Sanger or Selma for tomorrow in order to give the new football rules a test. The Purple and Gold eleven is showing great form. Practice is being held nightly on the campus and the only afternoon given to the players is Friday. Bunking practice has been in order every evening this week and Coach Fazzett is confident that the 1910 squad will be a winner.

NATIONAL LEAGUE.
BOSTON, Sept. 20.—Boston fielded poorly today and Chicago, aided by heavy hitting, won the last game of the series, 8 to 3. The score:
 Boston.....8 13 2
 Chicago.....3 8 3
 Batteries—Melnyte and Kling; Frock, Burke and Lardner.
 Umpires—Brennan and O'Day.

NEW YORK, Sept. 20.—New York took the last game from Cincinnati today, 5 to 4, through Murray's clever hitting and Ames' steadiness at critical times. Coacher, Cincinnati's left fielder, and his left hand lacerated and his chest badly injured when he ran against one of the field boxes in the fifth inning. He had to be taken to a hospital. The score:
 Cincinnati.....4 8 0
 New York.....5 10 4
 Batteries—Gaspert, Sugars and McLean, Clark; Ames and Wilson.
 Umpires—Johnstone and Eason.

BROOKLYN, Sept. 20.—Brooklyn used three pitchers in an effort to make it five straight from Pittsburgh today, but the visitors won, 7 to 2. Burke's wildness in the third and Drease's ineffectiveness in the sixth were costly. Adams allowed but four hits. The score:
 Pittsburgh.....7 11 1
 Brooklyn.....2 4 0
 Batteries—Adams and Gibson; Burke, Reasau and Bergen, Miller.

PHILADELPHIA, Sept. 20.—Philadelphia hit the ball hard today and easily defeated St. Louis, 6 to 1. Manager Doolin of Philadelphia today suspended indefinitely by President Lynch for a dispute with Umpire Klem yesterday. Doolin was put out of the game for disputing a decision by Umpire Kane. The score:
 St. Louis.....2 1 1
 Philadelphia.....6 11 3
 Batteries—Harnon and Bresnahan; Phelps; Klem and Moran.
 Umpires—Klem and Kane.

MODESTO, Sept. 20.—At a call from the Democratic County Central Committee, some fifty left followers gathered at the office of T. J. Wiesner, chairman of the committee, and formed a Bell-Spellacy club. Elmer Marx was elected president of the club and E. J. Fisher secretary. It is the purpose of the club to have Bell on his visit here October 6th. Automobiles will meet him at the county line and bands, torch light processions and fireworks will enliven the meeting.

Branch clubs will be organized at Turlock, Corcoran, Newman, Oakdale and other towns.

War broke out in the Japanese quarters last night and resulted in a slashed head for one of the principals and the county jail for the other. About 8 o'clock Marshal Palmer was called to an employment agency in the Japanese part of the town to stop the fight and to arrest one of the scoundrels with the whole side of his face laid open. The opponent, the proprietor of the agency, is a cripple. He accused his opponent of starting the fight, and that owing to his crippled condition he was forced to draw his knife to defend himself. He was arrested and lodged in jail and his opponent taken to the hospital where his injuries were dressed.

Seals Hammer Delivery of More Birds Than Ever Before on West Side; Many Going Out.

OAKLAND, Sept. 20.—The Seals' Mitchell redemption team today, after being beaten for the first time since they came to the city, took the first three runs in the first inning, but failed to run in the rest of the game. The Seals' manager, Ed. Fazzett, issued a challenge to any school in the San Joaquin valley and around the bay to date its games with the Purple and Gold eleven for the coming season.

The only definite dates filed are Thanksgiving and Christmas, when Alameda and Stockton respectively come here, while on either October 22 or 23 the Fresno High team is expected to meet them. Nothing definite has been heard as yet from Visalia or Tulare regarding games at the old style of football. SAN FRANCISCO REGISTRATION.
SAN FRANCISCO, Sept. 20.—The total number of voters registered in this city for the general election is 75,000. This is about 500 less than the registration two years ago.

More Birds Than Ever Before on West Side; Many Going Out.

OAKLAND, Sept. 20.—The Seals' Mitchell redemption team today, after being beaten for the first time since they came to the city, took the first three runs in the first inning, but failed to run in the rest of the game. The Seals' manager, Ed. Fazzett, issued a challenge to any school in the San Joaquin valley and around the bay to date its games with the Purple and Gold eleven for the coming season.

The only definite dates filed are Thanksgiving and Christmas, when Alameda and Stockton respectively come here, while on either October 22 or 23 the Fresno High team is expected to meet them. Nothing definite has been heard as yet from Visalia or Tulare regarding games at the old style of football. Hanford has withdrawn her promise to clash with Fresno at the American game and it is understood that all of the schools in the Southern San Joaquin valley have decided to play Rugby.

Captain Chris Monson stated yesterday that he was anxious to land a game with either Sanger or Selma for tomorrow in order to give the new football rules a test. The Purple and Gold eleven is showing great form. Practice is being held nightly on the campus and the only afternoon given to the players is Friday. Bunking practice has been in order every evening this week and Coach Fazzett is confident that the 1910 squad will be a winner.

NATIONAL LEAGUE.
BOSTON, Sept. 20.—Boston fielded poorly today and Chicago, aided by heavy hitting, won the last game of the series, 8 to 3. The score:
 Boston.....8 13 2
 Chicago.....3 8 3
 Batteries—Melnyte and Kling; Frock, Burke and Lardner.
 Umpires—Brennan and O'Day.

NEW YORK, Sept. 20.—New York took the last game from Cincinnati today, 5 to 4, through Murray's clever hitting and Ames' steadiness at critical times. Coacher, Cincinnati's left fielder, and his left hand lacerated and his chest badly injured when he ran against one of the field boxes in the fifth inning. He had to be taken to a hospital. The score:
 Cincinnati.....4 8 0
 New York.....5 10 4
 Batteries—Gaspert, Sugars and McLean, Clark; Ames and Wilson.
 Umpires—Johnstone and Eason.

BROOKLYN, Sept. 20.—Brooklyn used three pitchers in an effort to make it five straight from Pittsburgh today, but the visitors won, 7 to 2. Burke's wildness in the third and Drease's ineffectiveness in the sixth were costly. Adams allowed but four hits. The score:
 Pittsburgh.....7 11 1
 Brooklyn.....2 4 0
 Batteries—Adams and Gibson; Burke, Reasau and Bergen, Miller.

PHILADELPHIA, Sept. 20.—Philadelphia hit the ball hard today and easily defeated St. Louis, 6 to 1. Manager Doolin of Philadelphia today suspended indefinitely by President Lynch for a dispute with Umpire Klem yesterday. Doolin was put out of the game for disputing a decision by Umpire Kane. The score:
 St. Louis.....2 1 1
 Philadelphia.....6 11 3
 Batteries—Harnon and Bresnahan; Phelps; Klem and Moran.
 Umpires—Klem and Kane.

PACIFIC COAST LEAGUE.
 Oakland at Portland.
 Vernon at Los Angeles.
 Sacramento at San Francisco.

NATIONAL LEAGUE.
 No games scheduled.

AMERICAN LEAGUE.
 Chicago at St. Louis.

MODESTO, Sept. 20.—At a call from the Democratic County Central Committee, some fifty left followers gathered at the office of T. J. Wiesner, chairman of the committee, and formed a Bell-Spellacy club. Elmer Marx was elected president of the club and E. J. Fisher secretary. It is the purpose of the club to have Bell on his visit here October 6th. Automobiles will meet him at the county line and bands, torch light processions and fireworks will enliven the meeting.

Branch clubs will be organized at Turlock, Corcoran, Newman, Oakdale and other towns.

War broke out in the Japanese quarters last night and resulted in a slashed head for one of the principals and the county jail for the other. About 8 o'clock Marshal Palmer was called to an employment agency in the Japanese part of the town to stop the fight and to arrest one of the scoundrels with the whole side of his face laid open. The opponent, the proprietor of the agency, is a cripple. He accused his opponent of starting the fight, and that owing to his crippled condition he was forced to draw his knife to defend himself. He was arrested and lodged in jail and his opponent taken to the hospital where his injuries were dressed.

SAN FRANCISCO REGISTRATION.
SAN FRANCISCO, Sept. 20.—The total number of voters registered in this city for the general election is 75,000. This is about 500 less than the registration two years ago.

Monte Gets Only Hits Off Krapp; Beavers Pile Up Ten Runs.

PORTLAND, Sept. 20.—Portland had a walk-off today and took the game from Oakland by the score of 10 to 1. Oakland acquired three errors during the contest and they bunched them all in the first inning. This netted Portland three runs. Then Portland knocked Christian out of the lead during the first half of the second and acquired another run. Nelson replaced Christian and all was lovely until the fifth inning when he blew up and Portland during this inning and the sixth totaled up six runs three in each inning. After that Nelson was scratched. Krapp named the order for the season today for holding stakes. He was hit twice during the contest, one of these being stretched into a run. The score:

HIRAM W. JOHNSON SPEAKS TONIGHT TO THE VOTERS OF FRESNO COUNTY

Republican Standard Bearer Closes Valley Tour for the Present With Speech at Barton; Dinner With County Committee; Special Music.

Hiram W. Johnson, Republican candidate for governor, who speaks at the Barton this evening.

The biggest event of the present campaign so far as Fresno is concerned, will take place at the Barton Opera House at 8 o'clock this evening, when Hiram W. Johnson of San Francisco, chosen Republican nominee for governor by an overwhelming majority in the primary election of August, will address the voters of this vicinity on the issues now at stake.

Johnson has been in the valley for two days, having begun his tour with a speech at Stockton. Traveling in his motor car and covering often over a hundred miles in a day, he has toured much of the northern part of the state. He is slated to speak in Madera this afternoon, after a tour which will include Turlock, Merced and Madera. He is due to speak in Turlock at 10:30 a. m., Merced at 11:30 a. m. and Madera at 2:30 p. m. After the Madera talk, he will motor on into Fresno, and is due to arrive here at 4:30 p. m.

Immediately upon his arrival at the Hughes hotel here, Johnson will be received as a guest by the Republican county committee and Republican candidates here. After a rest of an hour, he will be the guest of these at a dinner to be given at the City Bakery. J. P. Bernhard, chairman of the county central committee, will preside at the banquet.

No pains have been spared in preparation for the meeting and it is felt that the enthusiastic gatherings Johnson has so far met, in this valley, and

the impression as a speaker he made when here in his primary campaign, augur a fine meeting for tonight.

His itinerary of yesterday included stops at Crocks Landing, Newman and Modesto in the evening. Democrats, Socialists and prominent Republicans from other towns have reserved boxes for the Johnson meeting this evening. One box goes to the Democrats, another to the Socialist representatives, and the other boxes will be apportioned to delegations from Coalinga, Selma and Treadwell.

The committee here has been hard at work for some days perfecting arrangements for this meeting. Eaters had been provided yesterday afternoon, and decorations and the like had been looked after.

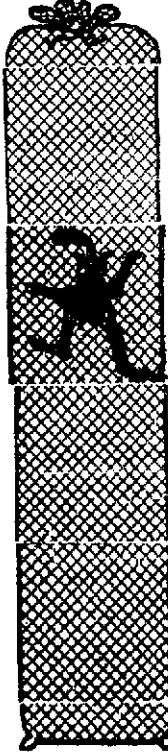

Special music has been arranged for the evening, the premier feature of which will be a bunch of hot campaign selections by members of the Young Men's Republican Club here. The singing will be under the direction of A. G. Wahlberg, and those in the chorus will include Charles Kellogg, Charles Shaw, William Shaw, R. A. Fleisher, S. F. Glasgow, Neal Keefe, Otis Turner and H. F. Hughes.

Special parodies and some surprise selections are promised.

Selection has been made of 135 vice presidents for the meeting. Local candidates will occupy seats on the stage. As a background will be suspended portraits of Lincoln and Theodore Roosevelt.

The visit here will end for the time Johnson's tour in this valley. He goes from here to Los Angeles to make some speeches in Southern California. He will return to this valley later in the campaign.

REPUBLICAN COMMITTEE WON'T CHANGE PLANS FOR DEBATE

Sends Answer to Challenge of Democratic Central Organization.

Drew in Letter Expresses Willingness to Meet Cartwright.

While A. M. Drew expressed himself willing to meet Senator Cartwright in debate, the Republican county central committee at a meeting yesterday decided to discontinue its itinerary for the series of meetings suggested by the Democratic county central committee.

Mr. Drew's letter to the committee and the committee's reply to the Democratic committee, are subjoined:

Sept. 28, 1910.
To the Republican county central committee of Fresno county.
Gentlemen:—My attention has been called to a challenge made by the Democratic county central committee through your committee to myself as Republican candidate for state senator to meet the Hon. G. W. Cartwright, Democratic candidate for the same office, at such time and place, or times and places as the two committees may agree upon, for the purpose of discussing the issues of this campaign.

I beg to state that I am ready and willing to meet Senator Cartwright in debate as suggested upon such terms and conditions as your committee may approve.

Respectfully,
A. M. DREW.

Sept. 29, 1910.
Hon. Henry Hawson,
Chairman Fresno county Democratic committee,
Fresno, Cal.

Dear Mr. Hawson:—The Republican county central committee has considered your invitation to Mr. A. M. Drew to debate with Senator G. W. Cartwright. The policy of this committee is not to attempt to elect one or two candidates to public office, but to do what it can for the furtherance of Republican principles and the success of the entire Republican ticket. With this end in view we have arranged an itinerary of meetings of county candidates covering this county, and as we are to have no meetings during fair week, our time to do this will be very limited. Mr. Drew will be our principal speaker, and we feel that anything which would prevent his attendance at these meetings would interfere with the settled plans of this committee and the success of our meetings.

We are also of the opinion that the settlement of any personal controversy between the respective candidates for state senator is of minor importance as compared with the election of a full Republican legislative delegation from this county to aid in carrying out the progressive Republican policies enunciated in the Republican state platform and to support the administration of the Hon. Hiram W. Johnson as governor of the state, as well as in electing a progressive Republican United States senator from California.

This committee will therefore not advise the holding of meetings as suggested by your executive committee.

Very respectfully,
REPUBLICAN COUNTY CENTRAL COMMITTEE.
J. P. BERNHARD, Chairman.

I. W. W. MEMBER, ENROUTE TO FRESNO, BECOMES A BURGLAR

Joe Palmer, Who Tried to Rob Firebaugh Station, Is Identified.

Caught in Act and Killed by Brave Agent; Card in Pocket.

An investigation conducted by Sheriff Chittenden into the death of Joe Palmer, the burglar who was shot and instantly killed by Station Agent Reynolds at Firebaugh on September 14th, has revealed the fact that Palmer was a member of the Industrial Workers of the World and was en route to Fresno from Spokane, Wash. When the remains were searched on the night of the shooting, Sheriff Chittenden and Coroner Bean found a packet of letters in one of the inside pockets of his coat. After the request these letters were scrutinized by the authorities with the result that it was learned that Palmer was a member in good standing of the National I. W. W., having joined the Tacoma, Wash. local union on July 23, 1910. Two months dues had been paid, according to Palmer's traveling card.

According to several Firebaugh residents, Palmer walked into town with a roll of blankets over his shoulders. At about noon September 14, Palmer was seen loitering about the Southern Pacific depot. He had been about town for several days. At 5 o'clock in the evening, while Station Agent Reynolds was on the second floor of the depot eating with his family, Palmer broke the bars off a window and climbed through, Reynolds heard the noise downstairs and securing his revolver went down to investigate.

As he opened the door into the inner office, Reynolds met Palmer coming out with a handful of silver which had been taken from the till. Reynolds fired two shots, both bullets taking effect, killing Palmer instantly. The station agent was exonerated by a coroner's jury later in the evening.

Without a doubt, Palmer was en route to Fresno to join the local I. W. W. members in their much-talked-about war against the city police in an effort to gain what they call "free speech." Palmer was heading his way to the city and after remaining in Firebaugh for several days decided to clean-up some ready cash by robbing the depot.

FIND OSBORNE'S DEATH DUE TO INJURY OF 5 YEARS AGO

Coroner's Jury Says That Excessive Drinking Was Not Cause.

Dinuba Resident Suffered From Weak Heart; Wife Died Recently.

That excessive drinking was not the cause of the death of T. L. Osborne, but that the man had a weak heart as a result of an accident of two years ago was the verdict of a coroner's jury sitting in the case yesterday afternoon. Osborne had died over a fortnight in the emergency hospital at 2 o'clock Tuesday night. It was believed at that time that death was due to acute alcoholism which had affected the heart. An autopsy was conducted yesterday by Dr. W. T. Burks. It was ascertained that death was due to a rupture of the right ventricle of the heart and the coroner's jury rendered its verdict accordingly. Further the jury stated in its report that death was probably due to an old injury.

P. F. Kallman and W. M. Gilliland, both of Dinuba, were the witnesses at the inquest. Gilliland is a brother-in-law of the deceased. Both men stated that they had known Osborne for years and he had never been a drinking man to their knowledge. Kallman stated that he saw Osborne at church almost every Sunday. Five years ago, Osborne was injured in a runaway accident, a buggy passing over his chest. Since then he often complained of pains over his heart. In this accident Osborne's shoulder blade was broken and he was otherwise injured. A few months ago his arm was broken.

On New Year's eve Osborne's wife died and he worried a great deal over his misfortune. A short time ago a physician advised the man to go to the mountains for his health. He started and went as far as Sanger, where he disappeared and was not heard of again until he was found dead in the emergency hospital by Patrolman Henry McCall, who had gone there to ascertain the condition of the man. Earlier in the day Patrolman William Picketts had found Osborne lying on the sidewalk at H and Kern streets with a broken nose.

Osborne was 35 years of age and a native of Kentucky. The remains were shipped to Dinuba yesterday for burial.

VALLEY B. Y. P. U. TO MEET IN HANFORD

San Francisco Pastor to Speak at Annual Convention.

The Baptist Young People's Union of the San Joaquin valley will hold its annual convention at the Hanford Baptist church of Hanford commencing Saturday afternoon at 2 o'clock.

Delegates have registered from all of the towns of the valley and it is expected that a large delegation from Fresno will leave on Saturday morning. Dr. George E. Burlingame, pastor of the Baptist church of San Francisco, will speak in the afternoon and will be the principal speaker of the day. Dr. J. W. Conley, pastor of the Baptist church of Fresno will address the young people in the evening. John Fichter Jr., secretary of the Fresno Y. M. C. A., will speak in the afternoon and many other speakers from each town in the valley will be present.

The meals will be furnished with a selection from each city represented and will certainly provide a varied program. The local society of Hanford will entertain the delegates and have been making plans for some time to take care of this convention.

All the Baptist young people are invited to attend and the Fresno delegation will leave on the 8:50 southern Pacific tomorrow morning and will be joined by the delegations of the towns en route to Hanford.

BOY COLLIDES WITH IRON POST; IS HURT

While riding his bicycle through the Fresno street subway at 4 o'clock yesterday afternoon, Leslie Stafford, residing at 410 West avenue, ran into one of the iron posts and received a badly sprained shoulder. Patrolman Jack Broad and A. Wright, the station policeman, brought Stafford to the emergency hospital, where Drs. Rowell and McMahon treated the injured youth. Stafford had broken all over his body. The boy was taken to his home.

Dr. George E. Burlingame, pastor First Baptist church, San Francisco.

The mortgage bears an exception written in with ink that until September 25, 1910, (which was last Sunday), all Muscat and Malaga raisins are released and excluded from the operation of this mortgage of November 1, 1909, the exemption being of date January 22, 1910.

AN IMPORTANT FIRE INSURANCE DECISION

On account of the rapid growth of this department of their business, Noble Brothers' Company have decided to give their entire time and personal attention to the writing of Fire Insurance and other insurance, and to looking after country and city property for owners, renting property and collecting rents. They will be pleased to advise with anyone on these important matters. Telephone Main 4, or call at the office in the Forsyth building of Noble Brothers' Company.

DEMOCRATS SPEAK TO MEETING AT FOWLER

Hawson Chairman and Cartwright and Gallaher Main Speakers.

The Democratic candidates, headed by Henry Hawson, George W. Cartwright and M. G. Gallaher, spoke down on Fowler last night, and spoken to a crowd of several hundred people from the band stand in City park. The principal speakers were Cartwright, candidate for the senate, and Gallaher, for the assembly. Hawson acted as chairman of the meeting. The other speakers were Denver S. Church, for district attorney; Walter McRae, for sheriff; G. P. Cummings, for assessor; Curtis Beall, for public administrator; Charles McCullough, for treasurer, and J. C. Paine, candidate for county treasurer.

In his talk Senator Cartwright dwelt on the idea that party pride is now a folly and good men should stand together in the fight against corporate control. He said it would be bad if either Johnson or Bell were badly beaten in the coming election, as the progressive element in each party should remain in control in this state. He told of how six progressive Democrats and fourteen progressive Republicans stood together in the last Senate on all questions where the fight against corporate control in state affairs entered.

GIFFEN GIVES MORTGAGE ON RAISINS AND FRUIT FOR \$100,000

Muscats and Malagas of 1909 Excluded Until Sunday Last.

Filing of Instrument Adds Chapter to Last Year's Raisin Deal.

The largest chattel mortgage in the country for the season was placed on file yesterday in the county recorder's office. It is by L. F. Giffen, the raisin man, to D. S. Shindgrass, the banker of Selma, and gives the latter a lien on a large quantity of raisins and dried fruit as security for a flat loan of \$100,000, with agreement of further advances not to exceed \$20,000 additional.

The document is of interest, because adding another chapter to the uneventful history of the Fresno raisins season of 1909 and the bull movement in which Giffen figured so conspicuously as "the raisin king." It is interesting further as indicating one source whence Giffen obtained backing to finance his raisin deal that year.

Attorney M. B. Harris, who placed the big chattel mortgage on record, said: "That instrument was placed on file in the ordinary course of business and the putting of it on record does not, so far as I have been advised, portend a suit in expectancy of a default in the raisin practice with raisin packers to give large chattel mortgages on their goods to carry them financially over a season. The Giffen mortgage was given in November last and was not put on record then, presumably, I suppose, because he did not wish to have it go out then that he was engineering a raisin deal on borrowed money."

The Giffen instrument mortgages the packing house on the Southern Pacific railroad reservation, dried fruits and raisins contained therein, also the packing material, also the raisins, dried fruit and packing material in the packing house on the Santa Fe right of way, also the personal property in the raisin packer's office in the Forsyth block, besides all other raisins and dried fruit that may hereafter, while this mortgage remains of record, be placed or stored in the above packing houses, also on automobile car, all as security for a \$100,000 note payable six months after date at 8 per cent, and to secure other advances not to exceed \$20,000.

In the S. P. warehouse at the time of making the mortgage was contained, according to the inventory, 6225 pounds of selected peaches, 4550 apricots, 81,138 Muscat peaches, 77,587 yellow peaches, 205,502 1909 Muscat raisins, 693,000 1909 Muscat raisins, 97,877 Sultan raisins, 56,821 of 1909 Thompson's seedless raisins, 44,559 of 1909, 2922 red nectarines, 360 white, 14,275 selected, 22,178 prunes, 12,832 figs, 45,887 grapes, 5642 old Muir peaches, 7599 old yellow peaches, 12,965 pears, 2490 plums and 12,300 Malaga raisins.

According to the inventory included in the mortgage, the contents of the Santa Fe packing house were: 100 50-pound boxes of Sultan raisins, 230 50 of 1909 4-crown raisins, 150 50 Thompson seedless raisins, 50,000 Malaga raisins, 60 50 Fujiwara raisins, 209 25 nectarines, 100 50, 350 25 and 175 50 peaches, 1200 35 choice seeded raisins, 2922 35 choice seeded raisins, 750 50 new 3-crown raisins, 1200 50 old 3-crown, 1100 50 new 2-crown, 1600 50 seedless Muscat raisins and 43 7000 cabbages.

The mortgage bears an exception written in with ink that until September 25, 1910, (which was last Sunday), all Muscat and Malaga raisins are released and excluded from the operation of this mortgage of November 1, 1909, the exemption being of date January 22, 1910.
